

**IF COMMUNITY MEMBERS CAN NOT  
GET TO US, WE WILL GO TO THEM**

**Vision:**

The Healthy Siskiyou Mobile Unit (HSMU) is a way to provide services and links to services that are offered in Siskiyou County to residents without requiring traveling to offices miles away. Visitors to the HSMU van can be assisted with applications for the CalFresh and Medi-Cal programs as well as Great Northern services. Staff can complete referrals for a range of services that support veterans, mental health services and substance use services

**Mission:**

Siskiyou County's Public Health Department strives to promote and improve the health and wellness of the people of Siskiyou County through community empowerment and meaningful partnerships

**Values:**

Our goal is to promote individual and community wellness, effectively monitor and evaluate health status, and develop policies and plans that support individual and community health efforts. We plan to accomplish this through confidential and respectful services, health education, prevention and outreach

Revised 08/01/2022
