

Siskiyou Recovery Advocate Program (SRAP)

Are you or someone you know thinking about or on the road to recovery? If so, you know that it is a long road with lots of things to navigate and is best to do with support.

A Recovery Advocate can help with any one of the dozens of things that one has to deal with to get on track such as connecting to the right help or what to do when transitioning from treatment. An Advocate can help participants make positive connections in the community in order to make your goals and dreams a reality.

A Recovery Advocate can help you or a loved one get ready to be employed, assist with transportation issues, obtain medical/dental care, get help with legal issues or get into school/training.

Services are free and confidential.

Let Us Help You Get Where You Want to Be!
